

# EXTRA

## News & Promotions

Valid until 28.02.2027

# TTS98 PRO – Spaced out.

For those who want – and need – more. Compared to the TTS93 and TTS95 PRO models, the TTS98 PRO offers a 100% larger drawer volume in premium quality. A high static load-bearing capacity of 1,400 kg, a tightly welded stainless steel worktop and many other features leave no room for compromise – but all the more for tools. Including paper roll and spray can holder and all-round impact protection strips with wrap-around bumper.

## Tool trolley 98/7 A PRO

Product no. 81200169

€ 1,299.00\*

instead of € 2,435.95

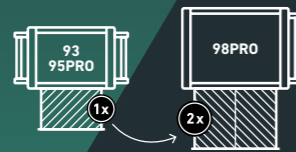

7 drawers

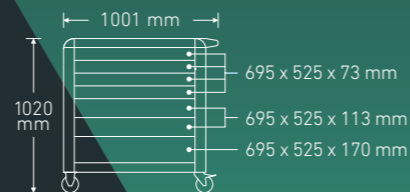

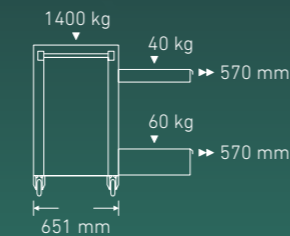

Three-stage safety concept: Central locking with recessed cylinder lock located on the side. Together with the folding key, this provides protection against injuries and damage. The individual locking mechanism prevents unintentional opening during movement – the anti-tilt protection makes it impossible to pull out multiple drawers simultaneously.

Oil and acid-resistant smooth-running wheels (Ø 125 mm) with fibre guards to protect the bearings from dirt and fibres; with two locking brakes.

In comparison with the Model TTS93, Tool Trolley 98VA offers 100% more drawer capacity.

## Also available as a set!

# THE TTS95 PRO – compact and manoeuvrable tool trolley with innovative features.

The TTS95 PRO is the premium all-rounder, providing a wide range of highlights such as fully extendable drawers, a three-stage safety concept, and all-round impact protection with shock absorbers. The tightly welded and structured stainless steel worktop is particularly practical, since it is resistant to scratches and prevents liquids from penetrating into the interior of the trolley. Always handy: the paper roll and spray can holder. This model features a high static load-bearing capacity of 750 kg.

## Tool trolley 95/7 A PRO

Product no. 81200163

**€ 819.00\***  
instead of € 1,707.74

7 drawers

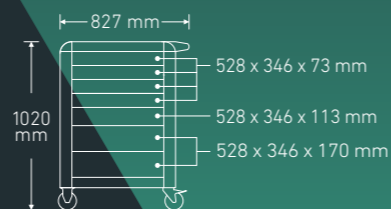

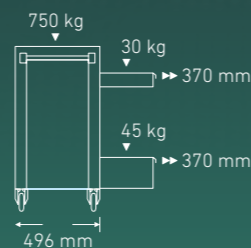

Three-stage safety concept: Central locking with recessed cylinder lock located on the side. Together with the folding key, this provides protection against injuries and damage. The individual locking mechanism prevents unintentional opening during movement – the anti-tilt protection makes it impossible to pull out multiple drawers simultaneously.

100%

All drawers are 100% extendable thanks to the full-extension runners. In combination with the STAHLWILLE standard TCS inserts or the variable drawer dividers, you always have a clear overview of the contents.

Oil and acid-resistant smooth-running wheels (Ø 125 mm) with fibre guards to protect the bearings from dirt and fibres; with two locking brakes.

# THE WORKBENCH WB 630 – High performance meets powerful features!

The BIG one! The WB 630 not only has a particularly sturdy design, but with a width of 200 cm it also offers a particularly large work surface. It also impresses with a comprehensive range of features that make it the perfect partner for work in trade and industry.

## Workbench WB 630

Product no. 85010630

**€ 899.00\***  
instead of € 1.636.67

Incl. holder for TOP BOX – optional extra.

Height adjustable in 25 mm increments.

**1000 kg**

With a static load bearing capacity of 1,000 kg and a 3 cm thick, FSC-certified wooden top with a width of 200 cm of rubberwood, the WB 630 is also ideal for the 'heavy jobs'. The individual height adjustment ensures back-friendly work. This means that workshop trolleys do not fit under the workbench.

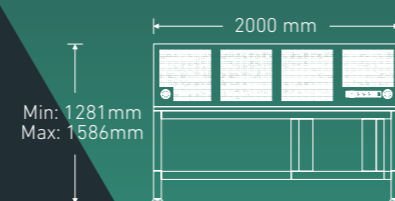

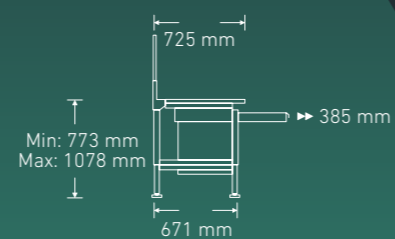

The WB 630 simply offers more. No matter whether perforated rear panel for attaching tools, spray can and paper roll holders, EU triple socket with two USB ports, two rubberised cable grommets, height adjustment in 25 mm increments on the legs (up to 30.5 cm) or levelling feet for precise alignment of the workbench. Everything is included here.

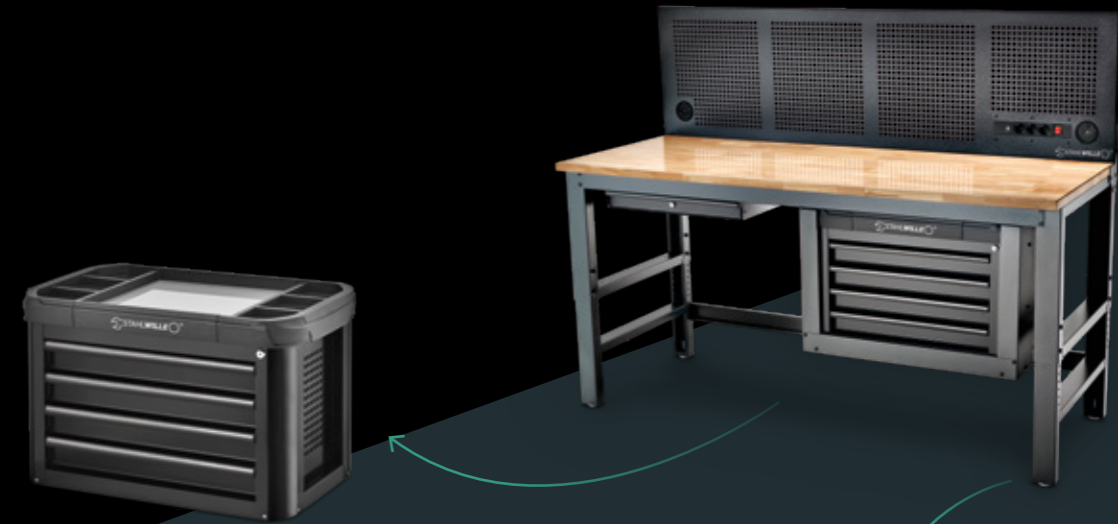

The lockable drawer with internal dimensions of 530 x 350 x 74.5 mm for sufficient space and is TCS-compliant. Thanks to the telescopic full-extension runner with ball cage guide it can be pulled out smoothly and completely – for maximum convenience and quick access. The drawer can be mounted on the left or right, as can the TOP BOX bracket.

Stationary or mobile tool storage? Simply both. The workbench offers an integrated holder that can be installed on the left or right holder for the optional STAHLWILLE TOP BOX. With plenty of space for tools; available separately.

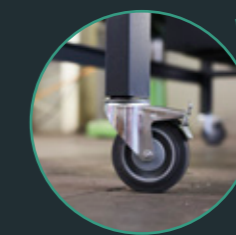

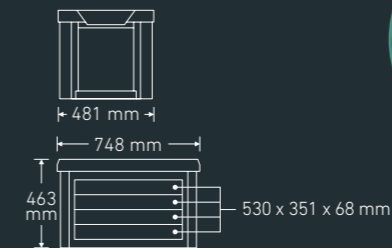

# TOP BOX AND WHEEL SET – available separately. For even more flexibility.

## Tool box 93 TOP BOX

Product no. 81200157

**€ 449.00\***  
instead of € 753.46

## Set of wheels R 630

4 swivelling and smooth-running castors (Ø 125 mm) for the WB630 workbench, with locking brakes.  
Product no. 81490007

**€ 99.00\***  
instead of € 181.28

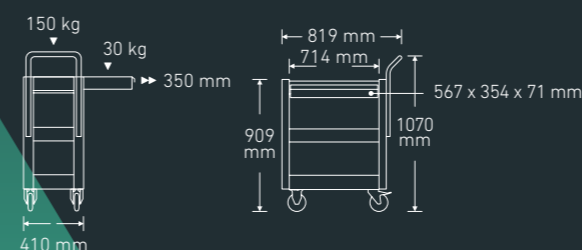

## Service trolley 612 ST

Service trolley (without tools)

- Rubberized wheels (Ø 125 mm) and two parking brakes ensure ease of movement
- Perfectly equipped with a drawer and two shelves
- High static load bearing capacity of 150 kg

Product no. 81300612

**€ 189.00\***  
instead of € 340.88

\*Recommended retail price, valid until 28.02.2027. Only for participating dealers and while stocks last.

# THE WB625 WORKBENCH – Think big! 115 cm of room for lots of premium tools!

With its seven extra-wide drawers, our new workbench WB625 provides a maximum amount of storage space and is also extremely durable. Particularly comfortable: the birch multiplex worktop with a working height of 104 cm. Includes an individually adjustable paper roll holder for paper rolls up to 30 cm wide.

Premium tool sets with tools for high force transmission: 1/2" QR fine-tooth ratchet, sockets up to 32 mm, circlip pliers, various screwdrivers, etc.

## Workbench WB 625

Product no. 85010625

**€ 1,319.00\***

instead of € 2,410.20

**104  
cm**

Only from STAHLWILLE: Worktop height of 104 cm for comfortable working. The sturdy construction and the birch multiplex worktop provide the durability that is typical of STAHLWILLE.

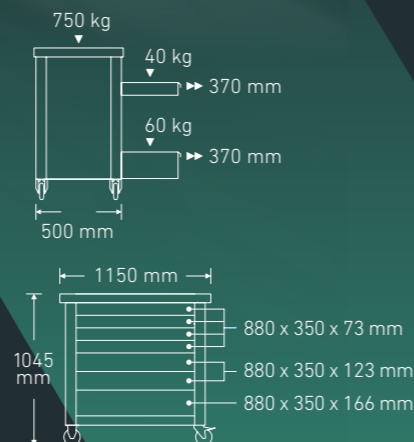

Oil and acid-resistant smooth-running wheels (Ø 125 mm) with fibre guards to protect the bearings from dirt and fibres; with two locking brakes.

Three-stage safety concept: Central locking with recessed cylinder lock located on the side. Together with the folding key, this provides protection against injuries and damage. The individual locking mechanism prevents unintentional opening during movement – the anti-tilt protection makes it impossible to pull out multiple drawers simultaneously.

**XXL**

Everything in XXL. The seven removable drawers with full extension and a width of 880 mm provide lots of storage space. The multiplex worktop is not only extremely large (1150 x 500 x 30 mm), but is also FSC-certified.

## TORQUE WRENCH – precision made in Cronenberg.

## SEVENFIVEZERO – Pared back to the essentials. Designed for precision work.

### Torque wrench 750NR

The 750NR is built with robust STAHLWILLE quality and a precision spring mechanism that delivers a clearly audible and noticeable click – for reliable bolted joints. Clicking torque wrench with dual stop signal and permanently installed, reversible fine-tooth ratchet (60 teeth). Resilient, long-lasting spring mechanism (toggle lever). Fast, precise adjustment with QuickSelect quick adjustment.

For maximum long-term measurement accuracy and long service life, we recommend resetting the wrench to '0' after use.

750NR torque wrench

## PIPE TORQUE WRENCH – Precise and robust.

### Pipe torque wrench 721/30Q 18" HD & 730/20Q 14" HD

NEW

Robust torque wrench with permanently fitted STILLSON pipe wrench for precise working on bolted joints on pipes or hydraulic connections, for example.

- Lightning-fast and precise torque adjustment
- Click with dual stop signal
- No reset to '0' required
- The measuring element is only under load when a force is applied
- 721/30Q 18" HD: 5 selectable torque values: 180; 220; 270; 300; 350 N·m
- 730/20Q 14" HD: 7 selectable torque values: 40; 80; 120; 150; 180; 220; 270 N·m

## RATCHETS – specially designed for heavy loads and efficient working. Whilst maintaining reliability.

### Telescopic ratchet 1/2" 516

- 5-fold adjustable shaft, 410, 465, 520, 575 and 630 mm
  - Robust 36-tooth ratchet drive, Working angle 10°
  - Maintenance-free, durable slide bearing
- Product no. 13160000

€ 86.90\*  
instead of € 155.49

5 adjustable locking positions

The length can be adjusted conveniently and even with one hand in 55 mm increments (410 mm, 465 mm, 520 mm, 575 mm and 630 mm) using the rocker switch.

The robust ratchet has 36 teeth, and is manufactured in accordance with DIN 3122/ISO 3315.

The extension operates using maintenance-free slide bearings and stop protection, operates quickly and safely and is extremely durable.

The clockwise and counter-clockwise change-over switch is slightly recessed. This avoids accidental switching during use.

### Ratchet set 1/4" + 1/2" 415QR/512QR

2-piece QuickRelease fine tooth ratchet set with 1/4" and 1/2" drive.

- Eighty teeth provide a ratchet angle of only 4.5° – facilitating efficient working in confined spaces.
- STAHLWILLE QuickRelease is the only locking system that locks every single item in the tool chain - from the ratchet, the extension, universal joints to the socket.

# BRIGHT PROSPECTS – lighting for maximum safety and comfort.

## Duo spotlight 13139 DL 11500

Powerful, rechargeable work spotlight for optimal illumination of the workspace.

- intense brightness of up to 11,500 lm
- 3 brightness levels: 100 % (11,500 lm), 50 % (5,750 lm), 20 % (2,000 lm)
- runtime up to 1.5 h (11,500 lm), 3 h (5,750 lm), 6 h (2,000 lm)
- 2 colour temperatures (4,000K and 6,500K)
- 2 fold-out LED modules that can be rotated 180° independently of each other
- 2 hooks that can be rotated 90° for hanging
- light detachable from stand
- height-adjustable stand: 1,171-1,980 mm, with handle, cable reel and ground spikes
- 4 magnets in the base for attachment to metallic surfaces
- with powerbank function
- battery and mains operation
- protection class: IPX4/IK07
- weight: 5,960 g

Product no. 77490020

**€ 259.00\***

instead of € 512.94

## Hand light 13138 HL 1000

Practical, rechargeable hand light for universal use.

- up to 1,000 lm and 35 m range
- 2 brightness levels: 100 % (1,000 lm), 50 % (380 lm)
- additional top LED in the lamp head with 180 lm and 60 m illumination range
- runtime up to 2.5 h (1,000 lm), 4.5 h (380 lm), 7 h (180 lm)
- flexible fastening options: Magnets on the underside and rear, as well as 2 hooks that can rotate 360°
- swivelling stand (90°)
- compact and handy: 266 x 48 x 32 mm
- USB-C charging cable (100 cm) included
- charging time: approx. 4 hours
- with charge control and remaining capacity display
- protection class: IP54/IK07
- weight: 340 g
